

Confidential Evaluation

Each group member is required to submit a completed confidential evaluation at the time his or her group submits its research and planning section drafts. A third evaluation is submitted after the completion of the client presentation. The specific deadline for that evaluation is noted on the course syllabus. As the name suggests, the content of each personal evaluation is confidential. Please do not forget to evaluate yourself by placing your name in the first row.

Please print this form. After completing it, please place it in a sealed envelope. Please indicate your group's name and assigned letter on the envelope. Failure to submit a confidential evaluation will result in a grade reduction.

Evaluation:

Research draft **Planning draft** **Final plan/presentation**

On a scale of 1-5, with five representing the best (highest) score, please rate your fellow group members and yourself in each of these four categories:

Name	Participation	Attitude Toward The Project	Quality of Work	Ability To Work With Others
